

NOTICE

Subject: Hostel Reporting Schedule for MBBS Batch 2026.

1. This is to notify all incoming students of MBBS Batch 2026 that hostel accommodation will be available from 29th September 2026 onwards.
2. Students must adhere to arriving only on 29th and 30th September 2026. Early arrivals before 29th September are prohibited, as designated institutional supervision, dedicated faculty surveillance, and security escorts will only be deployed starting the morning of the 29th to ensure the complete safety, well-being, and structured onboarding of new students.
3. Arriving during the designated window ensures direct handover to hostel authorities, immediate secure room allotment, and round-the-clock protective oversight on campus.
