

Ref. No. AB/RAC/2025/08

Date- 21/08/2025

MINUTES OF MEETING- 21/08/2025

Research Advisory Committee

1. CALL TO ORDER

Prof. (Dr) Lajya Devi Goyal (Dean Research) called to order the meeting for discussion at 03:30 PM on 21/08/2025

• The following members were present in the meeting: -

Prof. (Dr) Gurvinder Pal Singh, Dr. M. Altaf Mir, Dr. Shailndra Singh Rana, Prof. (Dr.) Anuradha Raj (Associate Dean Research), Dr. Sivanantham Krishnamoorthi, Dr. Ajay Kumar.

• The following members did not attend the meeting:-

Prof. (Dr.) Lajya Devi Goyal (Dean Research), Prof. (Dr) Rakesh Kakkar, , Dr. Mayank Gupta.

2. AGENDA

Following research projects were discussed by RAC and sent the subsequent comments:

S. No.	PI	Title of the Project	Comments
1.	Dr. Bhupinder Singh (Cardiology)	Selatogrel Outcome Study in suspected Acute Myocardial infraction (SOS-AMI) Multi-center, Double-blind, randomized, placebo-controlled, parallel-group study to evaluate the efficacy and safety of self-administered subcutaneous selatogrel for prevention of all-cause death and treatment of acute myocardial infraction in subjects with a recent history of acute myocardial infraction	<ul style="list-style-type: none"> Proposal/detailed protocol has not been attached, according to AIIMS Bathinda format. Need PPT Presentation by Principal Investigator before the Research Advisory Committee.

S. No.	PI	Title of the Project	Comments
2.	Dr. Ramniwas (Pulmonary Medicine)	A Phase IV, Open Label, Multicentre, Interventional Study to Assess the Safety and Efficacy of Oral Miquaf® (Nafithromycin) as Monotherapy in the Treatment of adult patients with Community-Acquired Bacterial Pneumonia (CABP)	<ul style="list-style-type: none"> Details of the project has to be written in AIIMS Bathinda format. Principal Investigator has to present the PPT by Principal Investigator before the Research Advisory Committee.
3.	Dr. Navneh Samagh (Anaesthesiology)	Fluid challenge in Intensive Care: a worldwide global inception cohort study. The FENICE II study	<ul style="list-style-type: none"> Inclusion / Exclusion Criteria- Very broad inclusion (all ICU patients expected to stay ≥ 48h). This may introduce heterogeneity (medical vs surgical ICU, trauma vs septic shock). Recommendation: Stratify results by subgroup (sepsis, trauma, surgical ICU, etc.) to improve interpretability. Statistical (no power calculation). Strengthen statistical justification for sample size. <hr/> <ul style="list-style-type: none"> Please rewrite the aim in brief. Include type of study in the title. Please attach Form 2. Please mention duration of the study with Gantt chart. Please attach study tool (Performa). Kindly resubmit in Institutional Format.
4.	Dr. Tarun Goyal (Orthopaedics)	Evaluation of a novel herbal antiseptic formulation - SEPIL for the treatment of chronic limb ulcers and pressure ulcers: A randomized, double-blind, placebo-controlled study.	<ul style="list-style-type: none"> What is the cost of one dressing & what will be approximate cost per patient? Who will bear the charges of the dressing? What will be the mode of procurement of these dressing? Is this dressing already approved by FDA. Is it Phase I, II, III or IV study? Duration of the study is not mentioned in form -2. In the Title “novel” word should be avoided. How many Chronic limb ulcers have

S. No.	PI	Title of the Project	Comments
			<p>been treated in your department in last 6 months? (Attach the data sheet), For the feasibility of the study.</p> <ul style="list-style-type: none"> • How many pressure injuries have been treated in your department in last 6 months? (Attach the data sheet), For the feasibility of the study. • Does the study require collaboration with any other department to increase the number of Participants? • Divide the objectives in primary & secondary? • Why dressing will be used in healthy volunteers? • Reviewer could not understand the exclusion criterion no. 1. • This methodology of the study seems not feasible. • Is this study on wounds of arms and forearms? Only mentioned the test of wound. • What is the basis of the sample size calculation for this study? • Needs major revision before resubmission. <hr/> <ul style="list-style-type: none"> • Modify the Inclusion criterion. • Methodology is not feasible. • Sample size calculation is not given.
5.	Dr. Shashank Paliwal (Anaesthesiology)	Outcomes of Awake Fiberoptic Intubation With and Without Preoperative Virtual Bronchoscopy Navigation Session in Large Thyroid Surgery: A Randomized Controlled Trial	<ul style="list-style-type: none"> • Please mention aim of the study. • Please mention primary and secondary objectives. • In institute 29 version of SPSS is available. Kindly use this since 21 version is very old version. • Please attach study tool (Performa).
6.	Dr. Shailendra Singh Rana (Dentistry)	Craniofacial analysis using AI-generated synthetic CT and 3D Computational framework to reduce radiation exposure to the patient	<ul style="list-style-type: none"> • Ok & Approved.
7.	Dr. Chandrakant Pilania	Development and design of an assistive device for chest	<ul style="list-style-type: none"> • Kindly sign the checklist. • References should be in Vancouver

S. No.	PI	Title of the Project	Comments
	Site- PI Prof. Dr. Anuradha Raj	Percussion based on an innovative mechanism	style. <ul style="list-style-type: none"> Kindly mention the details of the funding.
8.	(Site-Pi) Prof. Dr. Lajya Devi Goyal (Obstetrics & Gynaecology) PI-Arti Sharma	Unraveling PCOS Pathophysiology in Punjab Using Transcriptomic and Metabolomic Approach	<ul style="list-style-type: none"> Form-2 is incomplete, kindly complete the entries in Form-2.
9.	Dr. Moonis Mirza Associate Professor (Hospital Administration)	Performance of Government-run Emergency Ambulance Referral services in Haryana and Punjab, India: Response, Utilization & Outcomes	<ul style="list-style-type: none"> Cross cross-sectional study needs ethical approval. Refer to the mail attachment from RT NHM. Which clearly states the need of ethical approval. (I) (1). RT NHM →..... Subject to anonymous and ethical compliance (in accordance with data partition laws)→ to be submitted for Ethical reviews (3) →Approval from NHM Haryana for the findings. (II) ZACHARIAH Rony mail (PHSc, chd) In point (4) they also mentioned ... “ Full compliance with institutional ethical guidelines, IRB approval, and data protection protocols. In line no : 228, IEC approval will be sought from AIIMS Bathinda. Signatures of other Co-investigators (Only two email attached with condition). Need to resubmit (Not acceptable for exemption from review).
10.	Dr. Neena Assistant Professor (Obstetrics and Gynecology)	Insights into Placental Patholgy in Correlation in Correlation with Fectomaternal/Neonatal outcomes in Chronic Medical Disorders in Pregnancy: A Prospective Study in Tertiary Centre of North India	<ul style="list-style-type: none"> Introduction-Kindly include the references in the introduction section of the project. Review of literature-Kindly rewrite or rearrange the review of literature in a proper and well-structured manner. Study design-Kindly specify the number of participants in the convenience sample. Material Methodology- Kindly provide a comprehensive description

S. No.	PI	Title of the Project	Comments
			<p>of the data collection methods employed in the study.</p> <ul style="list-style-type: none"> • Mention the study duration in the methodology section as well. <hr/> <ul style="list-style-type: none"> • Rewrite Review of literature. • Explain sample size calculation. • Discuss statistical tests for analysis. • Kindly mention the rationale of the study.

Minutes of Meeting held on 21/08/2025 regarding the evaluation of Faculty projects
