**Job Description: Clinical Research Coordinator- 1 (UR)**

Research Coordinator post will be an essential team member of the Extramural funded multicentric, and multinational clinical research project titled: “Treatment of cardiovascular disease with low dose Rivaroxaban in Advanced Chronic Kidney Disease (TRACK)” at AIIMS, Bathinda site.

Responsibilities of the Research coordinator shall include implementation of the research protocol for the site i.e., recruiting research subjects, conducting in-depth interviews and qualitative data coding, maintaining follow up records and data entering for the trial purpose. Research Assistant shall report to the Principal Investigator of Track Study at, Dept. of Nephrology, AIIMS, Bathinda, and shall be responsible for-

- Obtaining a written consent from each Participant or from their legally acceptable representative participating in the Study as specified in the Protocol and as required by the Applicable Laws prior to enrolling a Participant into the Study and shall further ensure that all Participants or their legally acceptable representative understand the latest information sheet and consent form approved by the Institutional review board.
- Obtaining an audio-visual informed consent process for all vulnerable participants in addition to the written consent. Such audio-visual recording and related documentation must be preserved adhering to the principles of confidentiality by the Investigator.
- Obtaining and maintaining approvals or communications from the Sponsor, IEC and to provide support in documentation / developing progress reports and SAE (serious adverse event) reporting, as required from time to time; and to help in facilitating coordination between Account Office, Research Cell Office, and Director’s Office of AIIMS for smooth and timely functioning.
- Ensuring the protection of the rights, safety and well-being of Participants, and the scientific integrity of the Study; Understanding and strictly adhering to all requirements of the Protocol and the clinical trial agreement between investigator, institute and sponsor; Maintaining updated and accurate records pertaining to the Study.
- He/She will be required to act in accordance with proper professional attitude in order to make the smooth conductance of the clinical study at AIIMS, Bathinda; and, in all respects shall be bound by the due obligations under the “TRACK Clinical Trial agreement with AIIMS, Bathinda Version 2.0 Dated (25-Nov-2021)”. All such obligations may exist from time to time.

**Salary Description:** Candidate will be given the consolidated salary mentioned above commencing from the end of first three months of joining (back dated salary will be given from the date of joining) since the extramural grant will be paid to the site (AIIMS, Bathinda) in retrospect after enrolling participants to the trial.

Applicants are required to bring the duly filled application form along with following documents on **21 April 2022 at 9AM.**
