Mandi Dabwali Road, Bathinda (Pb.) – 151001
PROCUREMENT CELL

AIIMS Bathinda/Proc.Cell/2025/120

Date: 30/05/2025
Due Date: 15/06/2025

Notice Inviting Quotations (NIQ)

The following items are required for AIIMS, Mandi Dabwali Road, Bathinda – 151001:

Sr	Product Description	with	Qty	Specifications
1	ANA Screen ELISA		12	Annexure – A
2	tTG-IGA ELISA		10	
3	Fecal Pancreatic Elastase		2	
4	Fecal Calprotectin		3	
5	Ammonis		20	

Kindly arrange to send your quotation giving the lowest rates per unit along with terms and conditions in sealed cover addressed to the **Executive Director, AIIMS Bathinda, Mandi Dabwali Road, Bathinda – 151001, Punjab**, so as to reach this office before the last date of receiving Quotations i.e., on **15/06/2025, Time 17:00**

The word “Quotations for Elisa Kit and other Kits for the department of Biochemistry at AIIMS Bathinda, our reference number and the date should boldly be mentioned on the cover.

1. While submitting the quotation following should invariably be mentioned:
 - a) Details of Specification and its lowest rate F.O.R. AIIMS Bathinda.
 - b) GST Registration Number (attach copy)
 - c) PAN No. (attach copy)
 - d) Clearly mentioned GST rates.
 - e) Tax at a concessional rate as applicable to the Educational Institutions
 - f) Completion from the date of receipt of the confirmed order.
2. The rates will be valid for one year from the date of issuance of the Work Order.
3. Payment will be made after the supply and inspection of the delivered items.
4. Under no circumstances unsealed quotations will be entertained in the office.
5. Quotations received after the due date shall not be considered.

Terms and Conditions

1. The quotation must be in the form furnished by Procuring Entity and should be free from corrections/erasures. In case there is any unavoidable correction it should be properly attested. If not, the quotation will not be considered. Quotation written in pencil will not be considered.
2. All India Institute of Medical Sciences (AIIMS), Bathinda reserves the right to accept the offer by individual items and reject any or all quotations without assigning any reason thereof and does not bind itself to accept lowest quotations.
3. Manufacturer's name and country of origin of materials offered must be clearly specified. Please quote whether your organisation is large scale industry or small scale industry. If you have NSIC/MSE/MSI/DGS&D Certificate, please attach it to the quotation. Mention your registration details.
4. Complete details and ISI specification if any must accompany the quotation. Make/brand of the item shall be stated wherever applicable. If you have got any counter offer as suitable to the material required by us, the same may be shown separately.
5. Samples must be submitted where specified along with the quotations. Samples must be carefully packed, sealed and labelled clearly with enquiry number, subject and sender's name for easy identification. Rejected samples will be returned at your cost if insisted.
6. All supplies are subject to inspection and approval before acceptance. Manufacturer/supplier warranty certificates and manufacturer/Government approved lab test certificate shall be furnished along with the supply, wherever applicable.
7. AIIMS Bathinda reserves the right to modify the quantity specified in this enquiry.
8. The prices quoted should be firm till the supplies are completed. Please quote the rates in words and figures. Rates quoted should be free delivery at destination including all charges otherwise the quotation is likely to be rejected. Prices quoted for free delivery at destination will be given preference. If there is no indication regarding the FOR, in the quotation, then it will be considered as FOR destinations. Price quoted should be net and valid for a minimum period of 90 days from the date of opening of the quotation.
9. Delivery period required for supplying the material should be invariably specified in the quotation.
10. In case your quotation is accepted and order is placed on you, the supply against the order should be made within the period stipulated in the order. AIIMS Bathinda reserves the right to recover any loss sustained due to delayed delivery by way of penalty. Failure to supply the material within the stipulated period shall entitle Procuring Entity for the imposition of penalty without assigning any reasons @ 0.5% (half percent) of the total value of the item covered in order as penalty per day subject to a maximum of 5% (five percent) unless extension is obtained in writing from the office on valid ground before expiry of delivery period.
11. If the deliveries are not maintained and due to that account Procuring Entity is forced to buy the material at your risk and cost from elsewhere, the loss or damage that may be sustained there by will be recovered from the defaulting supplier.
12. Dispute clause: Any dispute relating to the enquiry shall be subject to the jurisdiction of the court at Bathinda only.
13. Our normal payment terms are 100% within 30 (thirty) days on receipt and acceptance of material at our site in good condition.

Specification for Quantitative Fecal Calprotectin Elisa kit	
Sr. No.	Specifications
1.	The kit should be IVD approved and CE Certified.
2.	The kit is for the quantitative determination of human Calprotectin (neutrophil cytoplasmic protein S100A8/A9) levels in Human stool/ feces samples.
3.	The kit must have at least 6-7 calibrators of different concentration and at least 2 controls (with low and high concentration measurement/ validation) preferably 3 controls.
4.	Sensitivity of the kit 2.5 ng/mL or less than 1µg/g.
5.	The total assay time should be 120 minutes, not more than 2 hours ± 10 minutes.
6.	Interpretation of results should be clearly positive or negative as quantitative.
7.	Kit linearity must be at least 0-5500 ng/ml or 0-2000 1µg/g.
8.	Assay must be read on 450 nm or 620 nm.
9.	There must be some proof of acceptance of product in market to check the performance of the kit. (Please attached recent order copies at least 2-3 government Institutes along with technical details.

Specification for Tissue Transglutaminase IgA (tTG IgA) Elisa kit	
S. No.	Specifications
1.	The kit should be IVD-approved and CE Certified.
2.	The kit is for the quantitative determination of antibodies to tissue transglutaminase in human blood serum or plasma samples.
3.	The kit must have at least 5-6 calibrators of different concentration values & 1 control for internal validation of results.
4.	All reagents inside the kit must be in ready-to-use form.
5.	The sensitivity of the kit must be 1.0 IU/ml.
6.	Recovery: Recovery of percentage must be within 90% to 110%. No product will entertain of recovery range % increased more than asked for.
7.	The linearity of the kit is 200 U/ml.
8.	The kit must have a total assay time of 75-80 minutes not more than that.
9.	Performance certificate: A recent order copies of (2-3) government institutes must be furnished along with technical details.

Specification for Pancreatic Elastase Elisa kit	
S. No.	Specifications
1.	The kit must be used in stool for the evaluation of Human Pancreatic Elastase.
2.	The kit must be in 96-well format & CE certified.
3.	The kit should have either ready-to-use calibrations & control sets or if in lyophilized form, there must be 4 sets of calibrators & control sets.
4.	Total assay time should not be more than 1 hour & 30 minutes or 90 minutes.
5.	CV should be less than 10% for intra-assay & Inter-assay procedures.
6.	Sensitivity must be less than 2 ng/ml.
7.	Specificity = 100% or there must be no cross-reactivity with α -Antitrypsin, Pancreatic lipase.
8.	Performance certificate: A recent order copies of (2-3) government institutes must be furnished along with technical details.

Specification for ANA Screen Elisa kit	
S. No.	Specifications
1.	The kit should be IVD-approved and CE Certified.
2.	The kit for the quantitative determination of IgG antibodies directed against Sm, RNP/Sm, Scl – 70, SS-A (RO), (52 k Da e 60 k Da), SS-B(La), Jo1, U1-smRNP, RNP-A, RNP-C, Sm-BB, Sm-D, Sm-E, Sm-F, CENP-B, ds DNA, and Histones in human Serum or plasma samples.
3.	The total assay time should be 75 minutes not more than that.
4.	All reagents inside the kit must be in ready-to-use form.
5.	The calibrators & control volume must be 100 μ l.
6.	Interpretation of results should be clearly positive or negative.
7.	There must be some proof of acceptance of product in market to check the performance of the kit. (Please attached recent order copies at least 2-3 government Institutes along with technical details.

Technical Specifications of Ammonia estimation kits

GENERAL FEATURES:

Product description: Ammonia estimation (QUANTITATIVE) Kit.

Clinical Purpose: Quantitative estimation of Ammonia in the human plasma (EDTA or Heparinized plasma) sample.

PRODUCT INFORMATION:

1. Test should be performed on plasma (EDTA or Heparinized plasma).
2. Method of estimation: Kinetic
3. Method: Enzymatic GLDH (Glutamate dehydrogenase enzyme)
4. Regents should compatible for fully autoanalyzer and semi autoanalyzer
5. All reagents and standard should be inside the kit must be in ready-to-use form, liquid stable.
6. Linearity should be minimum up to 1500 ug/dl
7. The kit should have approval of the statutory authority in its country of origin.
8. In case of indigenous manufacturer should be licensed under the provision of Drugs & Cosmetic Act and rules and/or Medical Devices Rules 2017 in India.
9. The kit should be IVD-approved and CE Certified.
10. Please attached recent order copies at least 2-3 government Institutes along with technical details.

KIT CONTENTS:

The kit should contain all the reagents required for performing the test including detailed kit insert.

GENERAL INSTRUCTIONS:

The manufacturer/authorized agent should ensure maintenance of cold chain during storage and transport the kits at 2-8° C. The cumulative time temperature indicator technology used should be pre-qualified by WHO and placed on every pack of kits.
